New York, March 22 .- The reaction ary tendency which overtook vesterday's stock market was partly dispelled to-day, prices again forging forward and establishing new high recimportant issues.

ward and establishing new birn records for the movement in a number of
important issues.

Taking a score or more of the stocks
which constitute the real backbone of
the list, top prices to-day were from
three to seven points higher than at
inst week's close. According to board
room gossip, there has come up another
hear faction in the coppers, steel,
smitting and some of the standard
raliway shares. This clement has
stubbornly opposed the rise of the last
few days, and may be expected to contime their tactics unless the present
inevament gets out of land.

Metal stocks were easily the feature
of the day, transactions in Annalgamated Copper exceeding those in United
states Steel or any other marker leader. Another conspicaous issue was
American Smeiting, with a rise of over
four points from the previous day's
low mark. Union Pacific led the raliway group. Reading and steel werrelatively backward. Equipment shares
were again to the fore, and such spejulities as American Sugar, international Harvester and American Can
preferred resumed their recent activity, the latter at a new high record.
Prices yielded materially in the last
hour, except in some of the more obscure issues. Steel's gain was altogether lost, and Union Pacific and
Reading retained little more than mere
fractions of their gains. Final dealings indicated a degree of irregularity
and uncertainty, resulting doubtless
from further realizing, but net gains
were numerous.

Bonds were trregular, with few important movements. Total sales, par
value, amounted to \$2,404,000. United
States fours and Panama threes advanced 'i per cint, on call.

New Orleans, March 21—Cetton futures opened steady and unchanged to 2 points up compared with yeaterday's close. The market closed steady at a net advance of 182 points. Cables were slightly better than due, and the weather map was very unfavable, while reports relating to the English labor cituation were decidedly more favorable. After the call trading was small in volume and professional in charduger. The market made the middle of the morning, when the trading months were 567 points up. The weather forecast was builtish as it predicted unsettled and rainy conditions for a large part of the belt, but the report of more cotton up in Texas and rapid planting in the sarly counties of that State had considerable effect late in the morning with the result that prices fell off until they were only 182 points up. In the afternoon the morning with the result that prices fell off until they were only 182 points up. Cotton Statement.

Cotton Statement.

New Orleans, March 22.—Secretary Hester's weekly New Orleans Cotton Exchange statement, issued to-day, shows for the twenty-two days of March an increase in totals over last year of 505,000, and an increase over the same period year before last of 457,000.

For the 2015

the same period year before last of 181,000.

For the 204 days of the season that have chapsed, the aggregate is ahead of the 204 days of last year 2,364,000, and ahead of the same days year before last 4,754,000.

The amount brought into sight during the past week has been 242,250 bales, against 107,131 for the same days last year, and 113,131 year before last, and for the twenty-two days of March it has been 839,543, against 345,280 last year, and 355,062 year before last.

The movement since September 1 shows receipts at all United States ports 10,685,580, against 7,925,095 last year. Overland across the Mississippi, Ohio and Potomac Rivers to Northern Mills and Canada 733,179, against 333,965 last year; interfor stocks in excess of those held at the close of the commercial year 299,511, against 406,719 last year, Southern Mills takings 1,867,000, against 1,658,104 last year.

The total movement for the 204 days of the season from September 1 to date is 13,749,270, against 10,784,787 last year.
